Hi Sonja,

Sorry about the lab #'s - the handwriting wasn't very clear. I believe the correct #'s are [REDACTED]. Does that sound correct to you? The 2 ADA's in the trial session that day are John Flor and Jeff Daley, but I'm not certain which one will be handling this case. My suggestion is for you to e-mail either one or both to let them know about your possible unavailability.

thanks

Subject: Comm. v [REDACTED]

Hi Carmen-

I received a summons for the Abdul Vargas case scheduled for trial on 8/10/11 and have a few questions regarding it. First, who is the ADA handling the case? Second, there are 2 drug lab numbers listed [REDACTED], but when I looked up lab submission [REDACTED], I noticed that 1. the defendant listed is not [REDACTED] (and was submitted by a different police department), and 2. I am not the chemist who analyzed this submission. Is there a different lab number that I should be aware of regarding this case? Finally, I wanted to let you know that I also have a district court case scheduled in Springfield that day. Most of the time the cases don't go in Springfield, but I can't promise that. I will email the ADA there to get her impression of what is going on (plea?).

I apologize for dropping all of this on you, but there are no other contacts listed on the summons/fax (I called the phone number given (508-997-6333) and left a message, but nobody has gotten back to me. Thank you for your understanding.

-Sonja
